ACTION: DD/I. (General Cabell noted that the Watch Committee is "watching" for any indications of what the Soviets might do in this regard.)

Mr. Wisner:

Reported on his meeting with General Hull on 15 May 1958 and noted that:

- 1) General Hull was very pleased with the information we had furnished him on the current situations in Venezuela, Algeria and Lebanon;
- 2) General Hull had decided to go ahead with the 21 May meeting;
- 3) General Hull was most interested in the proposed Planning Group to be established for the purpose of recommending what the U.S. posture should be in future Indonesian situations and suggested that the Director might wish to make an early reply to Under Secretary of State Herter's letter on this matter in which he (Herter) recommends that the Department of State chair any group established to go into this problem. The Director said he was not satisfied that State is the proper Agency to chair any such Group and in view of CIA's responsibility under NSC 5412 he was strongly of the opinion that a representative of this Agency should be appointed Chairman. ACTION: DCI to discuss this matter with Mr. Herter.
